

**OCCUPATIONAL HEALTH AND SAFETY COORDINATOR
PORT HARDY PROCESSING PLANT**

Marine Harvest is the world's leading producer of quality farmed salmon. We are looking for an Occupational Health and Safety Coordinator for our salmon processing facility in Port Hardy, BC. In this role you will work with the plant management team and our Health, Safety and Environment Manager to develop and implement all aspects of a comprehensive Occupational Health and Safety program for the plant. The ideal candidate will have the following qualifications and experience:

- Either two years direct experience as an OHS Specialist in a manufacturing or food processing environment and/or certification in health and safety from an accredited post-secondary institution
- Experience with and good knowledge of all facets of Occupational Health and Safety administration, including soft tissue injury prevention and management, WCB claims management, employee training, lockout, confined space, etc.
- Thorough knowledge of industrial health, safety, fire and emergency regulations and requirements as they relate to manufacturing/processing industries
- Excellent communication abilities and strong organizational skills
- Ability to effectively liaise with regulatory officials
- Strong presentation skills coupled with the ability to train staff and orient new employees to their role in safety

The successful applicant will be able to fulfill their duties with safety, quality, and production as their priorities, and work with the management team in a collaborative and productive manner to integrate a safety culture into plant operations. Preference will be given to qualified applicants with health and safety experience in food or fish processing industry.

Closing date: March 12, 2010

If you possess the attributes we desire, and want to make a difference with a progressive, growth-oriented company in a dynamic global industry, please forward your resume with cover letter to:
